

Green Bay Fire Department Press Release

For Immediate Release

Date: 6/5/2009

Contact: Lt. Nick Craig

Public Information Officer

Desk (920) 448-3293 Cell (920) 621-1933

Fatal Fire

At 12:17PM, the Green Bay Fire Department responded to 1217 St. Agnes Drive for a report of a house fire. Arriving crews observed fire on the rear of the home and heavy smoke. Entry was made to do a search of the house, which turned up nothing. The rear room of the home was unsearchable as it was fully engulfed in flames. A decision was made to pull crews out of the building to fight the fire from the outside as conditions inside were too dangerous.

One victim was found in the rear of the home after the fire was out. The name of the victim is not being officially released until notification of the victim's family is complete.

The Green Bay Fire Marshals office is currently working in cooperation with the Brown County Investigation Task Force, the Regional Technical Rescue Team, and the State Fire Marshals Office. All of these agencies are working together to find the cause and origin of this fire.
